

TRAIL USE GUIDELINES

- Stay on designated trails
- Dogs must remain under control of owners
- Wheeled motorized vehicles are prohibited
- Leave no trace policy - please carry in, carry out
- Please respect our neighbors privacy
- Seasonal Hunting is permitted on Conservation Lands. See www.town-atkinsonnh.com/conservation for details.

The Crown Hill Trail System is a combination of two yellow blazed Conservation parcels of old field roads and both hiking and mountain biking trails that meander over rolling, new forested hills and streams through a network of 18 century stone walls. They are connected by a red blazed trail corridor that parallels and shares trails of the Platow and Hampstead trail systems. Points of interest are the old A/P/H boundary marker and Noyes rock shelter. The primary trailhead is off East Road with ample parking and second trail entrance off Crown Hill Rd. Trails are dog friendly and provide an excellent opportunity to explore the trail networks of adjacent communities.

ATKINSON TRAILS & LANDS

The Atkinson Conservation Commission was established in 1974 with the mission to provide a focal point within the town for environmental concerns. It is responsible for establishing public use regulations for the Town's conservation lands and welcomes community volunteers to help maintain its trails. The Town's trails are for passive recreation only and all motorized vehicles are prohibited on conservation land, including snowmobiles.
